This beer has a beautiful bouquet of hop aroma & honey sweetness. Easy to drink with lower bitterness and lower carbonation.

#### Herbee Sativa 4.8%

A New world style pale ale utilising Sativa hops, myrcene and pinene terpenes. Tropical and stone fruit aromas meld with a resinous finish.

#### Herbee Weedy 4.8%

A traditional Bavarian style Wheat Bier made using 50% wheat malt with a thirst-quenching burst of banana, hints of vanilla and a subtle taste of aromatic hops coming through at the end.

#### Herbee Indica 4.8%

This beer displays a rich amber colour with a clean, light malty, yet very thirst-quenching character—finished by delicate but firm hop flavour.

#### Herbee Dredd 5.0%

Red Ale brewed with a blend of darker malts, which in turn contributes to the copper reddish colour. Combined with ale yeast, this beer has rich fruit & round robust flavours that taste on the palate.

#### Herbee Chill 6.5%

A cold IPA with upfront tropical fruit aromas, a resinous palette with a slight hint of mature hemp and a medium bitter finish.

#### Olly's Kolsch 3.6%
